

SEAMLESS SURFACING

Environmental Policy

RESYN recognises that all businesses impact on the environment in a variety of different ways. As such, we are committed to the continual improvement of our environmental performance in relation to our services, products and operations. We will actively strive to protect the environment and prevent pollution.

We have identified the following key environmental impacts associated with the supply and installation of resin flooring systems.

- 🌱 Production and disposal of (product)
- 🌱 Supplier Issues
- 🌱 Waste Disposal
- 🌱 Consumption of Energy, Water and other resources
- 🌱 Transport and delivery of goods (Carbon Footprint)

The company is committed to reducing these and other impacts and to the continual improvement of our environmental performance. We continually look to enhance performance and fulfil compliance obligations. To help achieve this, RESYN are working towards ISO 14001.

We are committed to working with our staff, customers, suppliers, investors, contractors, regulatory bodies and neighbours to achieve the following objectives;

- 🌱 Meet and where possible exceed all environmental regulations relevant to our organisation and its activities.
- 🌱 Increase cost-effectiveness by reducing our consumption of energy and raw materials.
- 🌱 Reduce waste, control pollution and noise both locally and in the wider environment.
- 🌱 Systematically assess all aspects of our company.
- 🌱 Set targets for measurable annual improvements.
- 🌱 Make our progress available for independent assessment.

It is the responsibility of all employees, visitors and contractors to fully support this policy through active participation and co-operation.

This environmental policy will be displayed at all times and is openly available to all members of the public via our website - www.RESYN.co.uk

The introduction and implementation of this policy is a commitment of RESYN management and a shared responsibility with our employees.

The policy will be reviewed annually as part of the organisations overall environment management plan.
